

News for the Pews

As we honor our fathers this month, we introduce you to Adam, Presley and Addy. Adam recently graduated from the Mission's Employment Readiness Program and has since moved out on his own. Having overcome addiction and a sense of hopelessness, Adam quickly realized how having Christ back in his life and actively participating in the Employment program could change his life around for the better! "Attending chapel services and the spiritual guidance I received at the Mission were *paramount* for where I am now," says Adam. "I am forever grateful."

Today, you will find Adam answering the call he has felt on his life. He is training to be a youth pastor, working at Bay City First Church of the Nazarene, and is reunited with his fiancé and daughter. Last report, Adam and Presley are planning to marry in July!
Happy Father's Day, Adam, to you and your family!
