What's the best compliment your employer or family member could say about you? Faithful? Always on time? Does their job well? Anyone would be happy to hear those words. These are actual quotes from mission staff when talking about Dennis. Once working, Dennis recently found himself unemployed and running out of money. Unable to find a new job and continue living with a family member, Dennis turned to the Rescue Mission for refuge. He immediately embraced this stage of his life and did what he had to, to get back on his feet.

After being at the Mission for only about 2months, Dennis completed the Life Skills classes, job training and has been successfully employed with a great job and full benefits. Humbly, he recognizes he is blessed! He helps another guest get to work by giving him a ride every day. And he helps out with odd jobs when he isn't working, and he smiles. "Everyone should be happy to help out around here," Dennis timidly grins.
