Did you know that in 2015, over 930 men, women, and children received services at the Rescue Mission? When a person comes to the Mission in need, they receive the personal hygiene items they need-free of charge. Think of everything you use on a daily basis; soap, toothpaste, deodorant, shampoo, etc.

We are only able to provide these necessary items with your help. Each year we offer you the opportunity to help with our personal hygiene drive with our **Hope & Care Tote** program. In order to run this drive at your church, in your family, or place of business, please contact Marlene Mika at 989-893-5973, Ext. 221 or (marlene@gsrmbaycity.org).

Thank you for your continued help with this much needed drive!

Care Crew
A great opportunity for all churches to stay connected & informed concerning Mission guests & programs.
