HARVEST of HOPE

Jennifer is in a very exciting place in her life. Although living in a homeless shelter and still a little scared of what the future holds, she sees *doors* are beginning to open and it is exciting!

Growing up in the church and loving the Lord, Jennifer says she has a strong, personal relationship with Christ and has always turned to Him. "Being at the Mission has helped me reinforce my relationship with God."

"I remember being angry and numb at the same time when I realized my life had spun so out of control," recalls Jennifer. Now Jennifer says, "the Mission has helped me switch the focus of loss to embracing all that I have to be thankful for. This stay at the Mission has me looking at life through a fresh set of eyes."

UPDATE!!

Jennifer is now living in her own apartment. "My case manager, Miss Rachel, is amazing! She pushed me to challenge myself and she inspired me to start writing again," says Jennifer.

YOUR support has enabled Jennifer to grow and become confident again.

SAVE THE DATE

Rescue Ministries Anniversary Concert
David Phelps! World Tour!
 Tuesday, October 29, 2019
